Dear Cristi Smith:

Subject: **Rincon Venture – Cal Republic Company**

In accordance with our "RULES FOR THE SALE OF ELECTRIC ENERGY", filed with and approved by the California Public Utilities Commission, electric facilities can be made available to Rincon Venture located at Thomas Brother Page 1109-J3 in the city of Escondido.

If purchaser is to pay any cost for the installation and/or extension of utility service, the costs will be calculated in conformance with our extension and service rules.

Evidence of financial arrangements for the installation of electricity can be obtained from the developer and/or owner based on correspondence from SDG&E on this project.

Our ability to serve future projects in our service territory will depend on the supply of fuel and other essential materials available to us and on our obtaining government authorization to construct the facilities required.

Sincerely,

Troy Sutton
